Kaibab Paiute Tribe
COMMUNITY NOTICE

Please be advised that due to the COVID-19 Community Level being HIGH in Mohave County, as per CDC Guidelines and as per Tribal Council,

Face masks must be worn when indoors in All Tribal Buildings.

Please see the back of this notice for further information regarding CDC Guidelines for Community Levels.

Thank you!

| **Low**                 | - Stay up to date with COVID-19 vaccines and boosters  
- Maintain improved ventilation throughout indoor spaces when possible  
- Follow CDC recommendations for isolation and quarantine, including getting tested if you are exposed to COVID-19 or have symptoms of COVID-19  
- If you are immunocompromised or high risk for severe disease  
  ○ Have a plan for rapid testing if needed (e.g., having home tests or access to testing)  
  ○ Talk to your healthcare provider about whether you are a candidate for treatments like oral antivirals, PrEP, and monoclonal antibodies |
| **Medium**              | - If you are immunocompromised or high risk for severe disease  
  ○ Talk to your healthcare provider about whether you need to wear a mask and take other precautions (e.g., testing)  
  ○ Have a plan for rapid testing if needed (e.g., having home tests or access to testing)  
  ○ Talk to your healthcare provider about whether you are a candidate for treatments like oral antivirals, PrEP, and monoclonal antibodies  
- If you have household or social contact with someone at high risk for severe disease  
  ○ Consider self-testing to detect infection before contact  
  ○ Consider wearing a mask when indoors with them  
- Stay up to date with COVID-19 vaccines and boosters  
- Maintain improved ventilation throughout indoor spaces when possible  
- Follow CDC recommendations for isolation and quarantine, including getting tested if you are exposed to COVID-19 or have symptoms of COVID-19 |
| **High**                | - Wear a well-fitting mask\(1\) indoors in public, regardless of vaccination status (including in K-12 schools and other indoor community settings)  
- If you are immunocompromised or high risk for severe disease  
  ○ Wear a mask or respirator that provides you with greater protection  
  ○ Consider avoiding non-essential indoor activities in public where you could be exposed  
  ○ Talk to your healthcare provider about whether you need to take other precautions (e.g., testing)  
  ○ Have a plan for rapid testing if needed (e.g., having home tests or access to testing)  
  ○ Talk to your healthcare provider about whether you are a candidate for treatments like oral antivirals, PrEP, and monoclonal antibodies  
- If you have household or social contact with someone at high risk for severe disease  
  ○ Consider self-testing to detect infection before contact  
  ○ Consider wearing a mask when indoors with them  
- Stay up to date with COVID-19 vaccines and boosters  
- Maintain improved ventilation throughout indoor spaces when possible  
- Follow CDC recommendations for isolation and quarantine, including getting tested if you are exposed to COVID-19 or have symptoms of COVID-19 |

\(^1\) At all levels, people can wear a mask based on personal preference, informed by personal level of risk. People with symptoms, a positive test, or exposure to someone with COVID-19 should wear a mask.
