Second Tribal hunt – Started December 9 – 31, 2021 - MANAGEMENT HUNT from the Horn Gate to the Tower. This hunt was going good until December 24 when a shot was heard near the Kaibab Village, later a buck mule deer was found killed, left to go to waste, the only information was a Red, 2 door, Pickup truck with Utah Plates, I searched the Farm, the Kaibab Village, Juniper, the water tank road, and RV park. Surprisingly, there was two matching the information, both were talked to. At this time, I would like to ask for help from tribal members, so PLEASE if you know whose vehicle this is, or have any information, you can be anonymous, if you want, you can contact me by email, Text, phone, or in person.

Guide Trainee – We need Trainees. Must be 18 years old and over, a Tribal Member or Legally Married to a Tribal Member, in good standing, with an interest in the outdoors, be able to get up before dawn, and shadow a guide. Contact any wildlife committee member or the Director, for more information.

Water Resources Department

Dear Community,

The Water Resources Department has some exciting news to announce. We will begin the water meter replacement project soon. We will be replacing all meters on the Kaibab Paiute Reservation with new and improved technology. If the need should arise, we will be shutting water off for short periods of time. We will have a contractor doing the work, so you may see them around on the reservation, the Department Director will be overseeing the project. We will need access to the meter cans in the front of each home, except for a few that are on the back side of the home. There will be heavy equipment used and we will do our best to ensure the safety of the community. The meters will be mobile automatic read which means the monthly readings will be done through a radio read software system. Through this new auto read system we will have leak detection and high-water usage notifications to promote water conservation. Please be notified that because many of the current meters are 20+ years old they have not been 100% accurate so you may see changes in your water usages and monthly fees. We also are switching to a new billing system that will be more accurate and easier to navigate. If you have questions, please reach out at 928-643-8372. Thank you.
